"Global Rail reflects the UAE's growing role as a trusted international platform for dialogue and cooperation in the global transport sector. It provides numerous opportunities for decision-makers and industry leaders from around the world to exchange expertise, strengthen partnerships, and explore innovative solutions to advance the future of transport and infrastructure. With innovation at its core, this global and national priority drives success across all sectors, including railways, and enables the UAE to continue building bridges of collaboration and innovation with nations worldwide."

H.H. Sheikh Theyab bin Mohamed bin Zayed Al Nahyan
Chairman
Etihad Rail

ABOUT GLOBAL RAIL 2027

As global mobility demand accelerates and supply chains face growing operational and environmental pressures, transport connectivity is becoming a defining factor of economic competitiveness. After two successful editions, Global Rail 2027 returns as the leading international platform uniting governments, operators, financiers, and technology leaders to shape the next era of integrated transport systems.

With over 80% of world trade reliant on multimodal networks, the resilience and efficiency of rail, logistics corridors, and urban mobility systems are now central to regional and international growth. At a time when networks are stretched, investment cycles are shifting, and new technologies — from automation to digital traffic management — are redrawing industry boundaries, the need for a unified forum has never been clearer.

Global Rail 2027 brings the full transport ecosystem together under one umbrella: rail, mobility, logistics, urban transport, roads, parking, freight solutions, digital systems, and infrastructure investors. Its mission is direct and outcome-driven: to power transport connectivity that delivers real global impact.

Addressing the wider mobility and urban-transport value chain, this enhanced platform offers an end-to-end view of the sector. From policy leaders and regulators to innovators and major buyers, Global Rail 2027 convenes the decision-makers shaping the next decade of transport and trade.

Join leading transport economies and companies at Global Rail 2027.

قطارات الاتحاد
Etihad Rail

Etihad Rail was established under Federal Law No. 2 with the mandate of overseeing the development, construction, and operation of the UAE's national freight and passenger railway network.

Since 2016, Etihad Rail has successfully operated the Shah-Habshan-Ruwais route, transporting granulated sulphur for export, and establishing rail as a safe and sustainable mode of transport with a proven track record. In 2023, construction on the network expansion was completed, marking the inauguration of the UAE National Railway Network and the launch of full freight operations from Ghuwaifat to Fujairah.

Etihad Rail now links all the emirates, connecting industrial and commercial centres with 11 terminals, including four major ports: Ruwais Inland Terminal, Ruwais Port, Industrial City of Abu Dhabi (ICAD), Khalifa Port, Dubai Industrial City (DIC), Jebel Ali Port, Al Ghail Dry Port, Fujairah Port, Ghuwaifat Terminal, Shah Terminal, and Habshan Terminal.

dmg::events

Headquartered in Dubai, United Arab Emirates since 1989, with offices in Canada, Egypt, Nigeria, Saudi Arabia, Singapore, South Africa, Thailand andthe United Kingdom, dmg events is an international exhibitions, conference and intelligence company, attracting more than 1 million attendees to a portfolio of over 80 events each year.

The global portfolio works closely with key stakeholders across industries to facilitate pragmatic dialogue, serving as platforms for the latest discussions at the forefront of change.
